Introduction

Our GTS Pro and GTS Web Platforms have the capability to send you a SMS message to your cell phone or via email, upon the execution of your order or to notify you of a designated price level.

Client Procedures

1. Select the Currency Pair at the upper left of the platform
2. Next, click Order Selection above the Bid/Ask prices.
3. Select Call Level Alert
4. Set your BID or ASK Target Price

Note: Must be 10 pips below the current Bid or 10 pips above the current Ask price.

5. Enter a Call Level Alert Alias. This allows you to name your alert.
6. Enter your mobile SMS address or email address.

The format to use will be similar to an email format.
EXAMPLE: (2013452210@mobile.att.net).

***Please check with your mobile phone carrier for the SMS format.**

***You must subscribe to SMS or Text Messaging Service to receive alerts to your phone.**

6. Click Submit
